

How To Make: A Resurrection Garden

For a Resurrection Garden, you will need:

- 1 paper cup (green preferably but not essential)
- 1 brown pipe cleaner
- 1 plant pot base
- 1 large rock
- Pebbles and small stones
- Moss/grass/earth
- Blue tac

1. Start by placing the cup in the centre of the plant pot base.

2. Twist the brown pipe cleaner into a cross shape. Stick it to the top of the paper cup using a large lump of blue tac.

3. Fill the plant pot base with pebbles and small stones. This will help keep the cup in place so that it doesn't roll about!

4. Cover the cup using moss/grass/earth so that it now resembles a cave.

5. Finally, place the large rock in front of the cave leaving a small opening still visible so that you can see Christ has risen!
